

A photograph of a spa lounge area. In the foreground, a swimming pool with clear blue water reflects the ambient light. The pool is bordered by a dark, textured ledge. In the background, there are several white lounge chairs with high backs, arranged in a row. To the right, two glowing lanterns with black frames and white shades are placed on a surface, casting a warm light. The walls are dark and appear to be made of wood or stone panels. The overall atmosphere is calm and relaxing.

From July, 9 until July, 13 (included) the swimming and sauna facilities of the Fit and Spa lounge will be closed due to maintenance activities.
